NonProgram Food Revenue Tool

• What are nonprogram foods?
  • Adult meals, extra milk, seconds – any food item that you pay for out of the foodservice account that you cannot claim reimbursement for

• How to fill out the tool:
  • You can enter information into the peach colored boxes
  • Use a week, month or year of information

• What the tool does:
  • Determines whether or not your school is charging enough for their nonprogram foods
NonProgram Food Revenue Tool

- What information goes into the tool?
  - Cost for Reimbursable Meal Food
  - Cost of NonProgram Food
  - Total Food Costs – this is calculated for you
  - Total NonProgram Food Revenue
  - Total Revenue

- REMEMBER: any nonprogram food dollars going through the school food service account need to be included
Daily Meal Costs - Calculated

- Write down everything used and what the current cost is
  - Food, commodities, paper products, wage, etc.
- Take that number by how many people served to get cost per meal
- Recently looked at adding wages/salaries into that equation
- This gives us a good idea of which meals are our most expensive to prepare
- Helps us stay in check
Adult Meal Prices…Why are they higher?

• Schools do not get reimbursed for adult meals
• Adult portions should reflect the same portions as student meals
• Staff meals directly involved in operation and admin of SNP

• Simple method to figuring the least amount allowed to charge adults:
  
  Your Free Rate of Reimbursement + Federal Performance Rate of Reimbursement + Value Of USDA Foods
  
  Ex: $3.25 + $0.06 + $0.2325 = $3.5425 ~ $3.54

• Adult breakfast must simply be higher than your free rate of reimbursement, ex: $2.09
Definition of Nonprofit School Food Service Account

*Nonprofit school food service account* means the restricted account in which all of the *revenue* from all food service operations conducted by the school food authority principally *for the benefit of school children* is retained and used only for the operation or improvement of the *nonprofit school food service*. This account shall include, as appropriate, non-Federal funds used to support paid lunches as provided in §210.14(e), and proceeds from nonprogram foods as provided in §210.14(f).

Informal Procurement

3 Bids and a Buy
QUICK REVIEW

Purchasing Requirements: Federal, State, & Local
What is Procurement?

- Purchasing of goods & services
- You must use the most restrictive of federal, State, and local requirements
- The process involves:

  Planning ➔ Writing Specs ➔ Procurement Rules ➔ Award ➔ Manage
Everyone Must Follow

Procurement rules apply to all Schools and Agencies

- NSLP & SBP
- Special Milk Program
- Child & Adult Care Food Program
- Summer Food Service Program
- Fresh Fruit & Veg Program
Why are Procurement Rules Important?

To ensure that program benefits (and taxpayer dollars!):

Are received by eligible schools & children

Are used effectively & efficiently, with no waste or abuse

Step 2: Writing Specs

- Specifications are accurate, clear, and not overly restrictive
- Specifying a brand name item and specifying "brand name or equal"
- Better to specify a grade or quality level
- Describe quality & quantity of foods

<td>Equal or better</td>
<td>6/5# bags</td>

<td></td>
</tr>
</tbody>
</table>
• Specifying 1 brand name
• Drafting specs, terms & conditions, and award criteria so only 1 source can respond
• Allowing a vendor to draft terms/specs
• Changing award criteria without notifying all potential vendors

Overly Restrictive Specs
Step 3: Procurement Rules

- Determine procurement method
  - Formal vs. Informal vs. Micro
- Develop solicitation document
• Get quotes by phone, email, fax, or catalogs
• 2-3 vendors must be included in the solicitation
• Purchase from lowest price
  • Fixed price
  • Fixed price tied to a public cost index with a time frame (vendor must specify index)
• Retain documentation for 3 yrs. or longer

Delivery Frequency: Prefer twice a month shipments to the **Extraordinary Elementary School, 800 Governors Drive, Pierre, SD 57501-2294**. Key drop available.

Signature of Distributor (required): __________________________
Step 4: Make the Award

- Select Lowest Prices for responsive and responsible vendor
- Be sure:
  - You have a signed Agreement if needed
  - Know the length of your Agreement
Step 5: Management

• Monitor:
  • Pricing
  • American grown & processed products

  • Substitutions and Shorts
  • Provide Feedback to Vendor/Distributor
How often do your prices change?

- Milk
- Bread
- Frozen food

Micro-purchase

<tbody>

<td>&lt;$3,500</td>
<td>&lt;$3,500</td>

2 CFR 200.67
• Aggregate purchase amount cannot exceed $3,500
• Micro-purchases to be distributed equally to suppliers
• Prices must be reasonable
• Can be awarded **without** informally soliciting competitive quotes
• Using one vendor is ok as long as all purchases are under $3,500

• My SFA can shop for the best price using this method

• My SFA can choose how to “share the wealth”
A FEW MORE THINGS TO CONSIDER
Response includes items that were not in original solicitation

- e.g. new signage for your cafeteria

Items cannot go into consideration for contract award if it was not in original solicitation!
American grown, made, and processed food is required whenever possible.
• No one person can benefit at the expense of their school or public interest

• Excuse yourself if involved in the conflict of interest

• Vendors that help write the bid, cannot respond to the bid.
• SFA’s working together to make some or all purchases

• **These groups must follow same procurement requirements as individual SFAs**

SFA Only Group Buying Coops
• SFAs must properly procure price lists and memberships from GBO’s
• Examples in SD: Avera PACE, Buy Board, NJPA, Shared Purchasing Solutions, Cooperative Purchase Connection, etc.
• SFA can define & use local area to buy unprocessed locally grown or locally raised agricultural products

• Memo SP18 – 2011 *Procurement Geographic Preference* Q&As dated February 1, 2011 contains more information

UNPAID MEAL CHARGE POLICY

New Requirement for July 1, 2017
Healthy Hunger-Free Kids Act of 2010

• Required USDA to examine and report to Congress on current charge and alternate meal policies and practices
• Final report submitted to Congress in July 2016

Special Nutrition Program Operations Study in School Year 2011-2012

• 58% of SFAs incurred unpaid meal costs during SY 2010-2011
• Only 35% of States had a policy or standard practice regarding the service of meals to students without funds to pay for their meal
Unpaid Meal Requirements

• Each district must have a policy in place by July 1, 2017
• Required to have a policy or standard procedure on how unpaid meal charges are handled

Stakeholder Involvement

• School administrators
• School board members
• School food service professionals
• Social workers
• Families
Policy Recommendations: Alternate Meals

If alternate meals are offered, SFAs should explain:

• The meal service(s) that offer alternate meals
• The duration of the provision of alternate meals
• If applicable, the cost of the alternate(s)
• How alternate meals are presented
Alternate Meal Requirements

- **Reimbursable** alternate meals **must** meet meal pattern requirements
  - Also meet Paid Lunch Equity (PLE) requirements, when served to students eligible for “paid” meals

- **Non-reimbursable** alternate meals **must** be paid for using non-Federal funds
  - Also meet Smart Snacks and non-program food requirements, if students are charged for the meal
Policy Recommendations: Debt Collections

• Focus on adults responsible for providing funds
• Consider costs vs. benefits of debt collection efforts
Policy Communications: Families

• **SFAs must** communicate the policy, in writing, to:
  - All families at the start of the school year
  - Families with students who transfer in to the SFA mid-year

• Additional communication strategies:
  - “Back-to-School” packets
  - School or district websites
  - Student handbooks
  - Written notices
Policy Communications: SFA Staff

- SFAs **must** communicate policy, in writing, to staff members responsible for collecting payment
- Notify families of low/negative balances
- Enforce the policy
Recordkeeping

- SFAs **must** provide policies to the State agency during the Administrative Review
- SFAs **must** maintain documentation of policy communication methods
Best Practices

• Community Eligibility Provision
  ▪ Allows eligible schools to offer free school meals to all students
  ▪ Saves time and money by streamlining paperwork and administrative requirements

• Application Outreach
  ▪ Summer Outreach
  ▪ School Year Outreach
  ▪ Community Outreach

• Changes in Household Circumstances
  ▪ Families may apply (or reapply) for free/reduced meals any time during the school year
Best Practices

• **Transfer Students**
  - Schools are encouraged to accept transfer student’s previous eligibility determination
  - Schools are not liable for the accuracy of the previous determination

• **Language Assistance:** 49 translations of the application available

• **Payment Options**
  - Provide on-line payment systems
  - Encourage families to track spending
  - Allow automatic deductions when balances are low
  - Provide repayment plans
Best Practices

- Payment Reminders
  - Email
  - Telephone
  - Automated
  - In-person
  - With other reminders

- Discretionary Elimination of Reduced Price Charges
  - An allowable foodservice cost (see FNS memo SP 17-2014: Discretionary Elimination of Reduced Price Charges in the School Meal Programs)

- Charitable Funding Sources
